Upon Code Bill.

The Judicial Sections All Eliminated.

The House Responds to the Whips in the Hands of Two Senators

And Voted to Insert the Curative Act Making Valid the Fifty Year Street Railway Franchise.

Columbus, O., Oct. 1.—The senate passed the amended Nash code with the judicial sections eliminated. These sections will come to a vote late today. The house passed the curative act to make valid the franchise of the Cincinnati Street Railway company. A compromise amendment on the Beal law was adopted by the senate. The senate voted a similar amendment.

The house reversed the action of a special committee on the proposition to insert the curative amendment in the municipal code, and by a vote of 55 to 34 attached the curative section to the measure. The proposition precipitated spirited debate. Mr. Combs at once moved to reconsider, saying that he did so for the purpose of giving it voted down and the matter settled. The roll was called and 32 voted for reconsideration and 54 against it.

The following Democrats voted for insertion of the franchise amendment into the code: Messrs. Clyburn, Highland, Collier of Ashland, James, Earhart of Richland, Gear of Madison, Gebhardt of Henry, Partington of Shelby, Sharp of Fairfield, Ellis of Wayne. The Republicans voted against it are: Messrs. Chapman of Montgomery, Cole of Jackson, Demuth and Denman of Lucas, Hazenbush of Champaign, Hypes of Clark, Kimball of Geauga-Lake, Rank of Lawrence, Painter of Wood and Whit of Hardin.

Code Passed.
The code came to a vote in the senate and passed by a strict party vote. The Republican senator voting for the proposition of Senator Decker. Pending to strike from the code reference to the so-called curative act precipitated a volume of discussion at the opening of the session. Senator Royer of Seneca county spoke in opposition to substitute the curative act for the Nash code. The Royer amendment was defeated by a vote of 21 Republican to 12 Democratic yeas.

Senator Longworth of Hamilton offered an amendment cutting out of the code the provisions relating to police courts. He did this so that the Nash bill could be passed without two-thirds vote. The Longworth amendment was carried by a party vote. The previous question was then made by Senator Patterson, the motion carried, and the amended code passed by a strict party vote.

The senate had a lively fight over a proposition to incorporate in the Beal law reference to the Beal local option law and provisions giving county authority to regulate the sale of intoxicating liquors as a beverage, as well as to regulate the saloons themselves. Senator Harding, however, led debate by offering an amendment (which was adopted) that provided that councils shall have power to regulate ale, beer and porter in shops and the sale of intoxicating liquors as beverages, but hereinafter contained shall be construed to alter, repeal, amend or in any way affect the Beal local option law.

Ruptured Blood Vessel.
St. Liverpool, O., Oct. 1.—John Smith, 16, is reported dying at his home in this city. A few days ago, while playing, a companion became angry and it is alleged, seized Smith by the throat and choked him until he ruptured a blood vessel in his neck.

Whistle Caused Death.
Newark, O., Oct. 1.—W. Randolph, the oldest engineer in service of the Wheeling and Lake Erie railroad, died of cerebral meningitis caused by an abscess in his ear, which was caused by the blowing of a whistle in his ear.

Trolley Crashes into a Freight.
Columbus, O., Oct. 1.—Slippery rails and a West Broad street trolley led to crash into a freight train at the Miami crossing. The car was wrecked and five persons injured, one fatally.

WORK OF FIENDS.

Set Fire to Home From Which Inmates Are Fortunately Rescued by the Militia—More Rumors.

Scranton, Oct. 1.—The militia this morning rescued the family of a non-union man, from a burning house and then quenched the flames. The fire was the work of incendiaries. Fagots were found about the dwelling, wrapped with waste and soaked in oil.

MORAL SUASION

Will be Tried Since the Law Does Not Provide a Way.

Washington, Oct. 1.—There was another cabinet meeting with Roosevelt this morning with all members present, but Secretary Shaw. Attorney General Knox said there was no method by which the government

GERMANY'S DECREE EFFECTIVE TODAY.

Prohibits the Importation and Sale of "Doctored" Meats.

Washington, D. C., Oct. 1.—The decree promulgated by Germany last February prohibiting the importation and sale of meats in which borax or other injurious chemicals have been used as preservatives, became effective today and there is some curiosity in official circles as to just what effect its operation will have on American trade. The act was at first regarded as a retaliatory measure aimed at America alone, but subsequent developments and explanations largely dissipated this idea. The prohibition applies to all other countries as well as America and also prevents the German butchers themselves from using injurious chemicals. By far the greater portion of Germany's meat supply comes from this country and it is believed that American ingenuity will devise some method of preserving the meats that will not come under the ban of the German authorities.

IN MEMORY OF THE MOTHER OF LINCOLN.

Monument Was Dedicated Today in Lincoln City, Indiana.

Governor Durbin and Many Other Prominent Men in Attendance to do Homage to the Memory of Nancy Hanks.

Lincoln City, Ind., Oct. 1.—The dedication today of the monument erected at the grave of Abraham Lincoln's mother attracted a large attendance of visitors from Illinois, Ohio, Kentucky, Indiana and other states. Special trains brought Governor Durbin and staff from Indianapolis, and special parties from Evansville, Louisville and other places. The ceremonies were held on the hill immediately across a small valley from the place where stood the cabin in which the Lincoln family lived, and where Mrs. Lincoln died.

The distinguished visitors upon their arrival were met by a reception committee consisting of a small number of aged citizens who were intimate friends of Abraham Lincoln when he lived in this vicinity. Brief addresses appropriate to the occasion were delivered by Governor Durbin and other distinguished men who were present. Before the exercises concluded a letter was read from Robert T. Lincoln in which he expressed regret at his inability to be present.

The dedication of the monument was conducted by the Nancy Hanks Memorial Association, which is composed of Governor Durbin and other prominent citizens of Indiana.

ZOLA'S ENEMIES

Continue Persecutions Beyond the Grave.

Paris, Oct. 1.—The ministerial council this morning decided not to give national obsequies at the funeral of Emile Zola. M. Chamul will, however, represent the government at the funeral and will make a speech of eulogy.

SALT

Company in Hands of Receiver.

Bad Contracts Which Compelled Them to Purchase

Millions of Barrels Each Year at a Stipulated High Price

Stood to Lose Them About \$35,000 Per Month for a Period of Nearly Two Years.

Trenton, N. J., Oct. 1.—Chancellor Magie, at his home in Elizabeth, appointed Frank P. McDermott of Jersey City and Nathan S. Beardslee of Warsaw, N. Y., receivers for the National Salt company. The application for a receiver was made by Chauncey H. Strickland of New York city. The company's liabilities are given at \$1,150,000 and the quick assets at \$858,000. It is said that the company lost \$225,000 during the first six months of the present year, and that it stands to lose \$35,000 a month because of a contract under which the company was to purchase from the Michigan Salt association and others at a stipulated price about 2,000,000 barrels of salt a year. This contract does not expire until January, 1904.

FATAL

Head on Collision on the Santa Fe.

One Trainman Dead, Others Fatally Injured.

Reports Have it that Several Members of the Train Crews Were Pinned Under the Burning Wreckage.

Fort Worth, Tex., Oct. 1.—Two Santa Fe trains collided head on on the Cleburne Purcell division just across the Red River bridge in Indian Territory, near Gainesville, Tex., last night. Two big engines and 40 freight cars were wrecked. Fireman W. C. Lyth, of Belleville, is dead, fireman M. R. Cowry, of Arkansas city, and Clarence Nuemaker, brakeman, are injured. The wreckage took fire and reports from the scene say several members of the train crews were pinned under the debris. Engineer Henry Dick and Pangburn were probably fatally hurt.

Veteran of Two Wars.

Findlay, O., Oct. 1.—Captain James Wilson, 80, a veteran of two wars—the Mexican and rebellion—died at his home in this city.

Gas For Northern Ohio.
Cleveland, Oct. 1.—The Northern Ohio Natural Gas and Pipe Line company of this city was incorporated at Columbus to pipe natural gas from the central part of the state to cities and towns in northern Ohio. Ultimately the concern will be capitalized at \$1,000,000 or more. The intention of the new company is to supply natural gas to such cities as Elyria, Lorain, Norwalk and Sandusky.

Bold Robbery.
Toledo, Oct. 1.—Two masked men entered the home of Fred R. Leonard here during his absence and seized Mrs. Leonard while she was kneeling at her bed praying. They bound and gagged her and poured kerosene on her feet and threatened to ignite the oil unless she would tell where her husband's money was. She gave them her earnings and a small amount of money there was in the house. The men departed without putting their threat into execution.

Russell For Congress.
Defiance, O., Oct. 1.—The Republican congressional convention of the fifth district nominated George Russell of Henry county for congress.

THEODORE

BLUNDERS.

His Weak Wail in Defense of the Anthracite Coal Trust was an Exceedingly Bunglesome Move.

Saratoga, N. Y., Oct. 1.—In his speech as permanent chairman of the Democratic state convention, Martin Littlejohn, of Brooklyn, got after Roosevelt on questions of fact. "Roosevelt," he said, "instances the Anthracite Coal and the Standard Oil trusts as two combinations which do not enjoy the benefits of a tariff in their favor. In this he made an unpardonable blunder. Paragraph 523 of the Free List of the Act of July 14, 1870, provides: Coal, anthracite, not especially provided for in this Act Free, etc. Paragraph 415: Bituminous and all coals containing less than 92 per centum of fixed carbon and shale, 67 cents per ton of 28 bushels, 80 pounds to the bushel. So that the Anthracite Coal company has enjoyed this protection all these years. Littlejohn begs the President to cease running around the country apologetically for trusts and instead, do something.

WHITE RIBBONISTS IN ANNUAL SESSION.

Columbus Entertains Women's Christian Temperance Union.

Salem, O., Oct. 1.—Several hundred enthusiastic women representing all parts of the state greeted Mrs. Annie W. Clark, of Columbus, state president, this morning when she called to order the twenty-ninth annual convention of the Ohio Women's Christian Temperance Union. The morning session was given over to addresses of welcome and responses, followed by a department symposium in which views were exchanged by leading workers. This afternoon the convention listened to reviews to the year's work presented by Miss Frances Ensign, Madison, corresponding secretary; Mrs. Estelle Purdum, Chillicothe, recording secretary, and other officers of the state organization. Tomorrow will be devoted to addresses and discussions of various branches of the union work and Friday morning the annual election of officers will be held.

JEWISH NEW YEAR

Which Begins This Evening at Sun Set, Will be Observed Throughout the Hebrew World.

New York, Oct. 1.—The Jewish people throughout the world will begin at sundown this evening the religious celebration of the Jewish New Year. It is a feast of marked significance in their religious calendar and is observed by all the congregations throughout the world. Even those whose temples may happen to be without pastors for the rest of the year make it a point that for this occasion the pulpit shall be filled and the members of the congregation brought together. The year that is ushered in is 5663. It is the new year of the Old Testament, and in the Hebrew tongue is known as Rosh Hoshbona. The day is a month later this year than usual. This is due to the fact that the year 1302 is, according to the Jewish calendar, a Leap Year. As the Jews use lunar time instead of solar time, like the Christians, they had one month to their year instead of one day. In America, where the members of the Jewish denomination are divided into the orthodox and the reformed congregations, there are some minor differences in the manner of celebrating the occasion. In all of them the ancient ceremony of blowing the shofar, or ram's horn, is still used. In the orthodox congregations, which cling most tenaciously to the old-time ritual, one of the customs is for the men to appear in the temples wearing shrouds to typify the significance of the day as a reminder of death. This part of the ritual is not now used in the reformed temples. The celebration extends over a period of ten days, ending with the feast of Yom Kippur, (or Day of Atonement) another most solemnly observed holiday.

HELD

Loving Conference Together.

No Conclusion

Which was Definite was Arrived at.

The Laws and Constitution Do Not Afford Any Authority

For the Interference of Federal Authority in the Mess, But Another Meeting Will be Held Soon.

Washington, Oct. 1.—At the temporary White House, President Roosevelt was in conference with Attorney General Knox, Secretary Moody, Postmaster General Payne and other advisers. Ways and means to end the anthracite strike were discussed. The general opinion of the advisers of the president was that the situation did not present a case in which there could be federal interference by any warrant of law. There has been no interference with federal authority in the mining region either by the stoppage of the mails or resistance of the United States court process. It was pointed out that there was no occasion for the use of federal troops, as Governor Stone of Pennsylvania had not called on the government for assistance nor had he even exhausted the resources of the state by calling out the full strength of the state militia. The question of the right to seek appointment of receivers for the mines in order that they might be operated was discussed, but neither in the constitution nor in any known law could any legal warrant be found for such action, though the discussion on such lines even went so far as the consideration of how the properties could be relinquished and control surrendered after the object of supplying coal had been accepted, assuming the federal government could only intervene through receivers. The tenor of the whole discussion was to the effect that there was a lack of the power in the federal administration to take any action at the present stage of the strike, although the seriousness of the coal famine now and the much greater evils soon to follow were considered at length, and with a wish to discover some method of ending the industrial deadlock.

Another conference will be held at which time Secretary Root, who has been in New York, will be present. It is understood that the visit of Secretary Root to New York was for the purpose of consulting prominent business men on the subject.

The Detroit Meeting.
Detroit, Oct. 1.—The telegraphic invitations sent out by Mayor William C. Maybury to governors of a number of states and the mayors of the principal cities in the east, middle west and northwest, asking them to send delegations to participate in a national conference on the coal strike, have met with a number of acceptances and the proposed conference bids fair to be a tremendous gathering. Governor Nash of Ohio wired: "I have no authority of law for appointing the delegates suggested. If I act it will be a merely voluntary matter, and if citizens attend on such appointment it will be a voluntary act on their part. I have no confidence in the efficacy of unauthorized acts upon the part of officials."

New Orleans Strike.
New Orleans, Oct. 1.—The conditions in the street strike from the standpoint of the guardians of peace are very satisfactory. No trouble occurred, being due, it is said, to the fact that no effort was made to move any cars other than those carrying the mails. The action of the New Orleans street railway companies in causing the arrest of officers and members of the union and seeking the intervention of the federal courts, while the local authorities had shown that they were fully equal to cope with the situation, has apparently intensified public sympathy for the strikers.

Gun Accidentally Discharged.
Omaha, Oct. 1.—George R. Voss, a prominent bond and security broker and son-in-law of Henry W. Yates, president of the Nebraska National bank, accidentally shot and killed himself near the Omaha Gun club grounds. No one was with him at the time, he having preceded the party a short distance, but it was evident he had stopped to rest and in rising the gun had discharged, the contents entering his head beneath the jaw. He was dead when his companions reached the spot.

NEW WELLS IN WELLS ARE OF FIRST CLASS

And Help to Boost Records of the Indiana Oil Field.

Ohio Oil Company Has the Usual Run of Luck
With Five Wells in Jackson Township--
Other Indiana Oil News.

The older Hoosier territory in Wells county, and some of the newer stuff in the western portion of the county, continues to supply wells that will do credit to a much more pretentious field and which go a long way toward boosting the Hoosier production records. A glance over the production of seven out of ten new wells will show that for good reliable territory, Wells county will not have to suffer in comparison with many of the counties.

The Ohio Oil company has five wells just completed in Jackson township, nearly all of which are good producers. No. 1, on the James Hudson farm, section 9, started at 50 barrels; No. 7, Levi Kline, same section, had 70 barrels to its credit the first day; No. 32, S. A. Puise, section 10, was good for 90 barrels; No. 8, F. R. Murphy, section 23, started at 30, and No. 5, John Lee, section 29, was a 15 barrel.

In section 3 Jackson, the Griffin Oil company's No. 2, John Raker was reported as in the 20 barrel class.

The Superior Oil Company has a good one in No. 14, J. W. Beard, section 9, Jackson, and the Hudson Oil company has a similar one in No. 9, S. Ankerman, section 10. The production of each is given at 90 barrels the first 24 hours after shot.

J. Gordon Co., completed No. 3, on the Wm. Pine farm, section 30, Jackson, with an 80 barrel well as the result, and in section 35, the Huron Oil company's No. 12, H. C. Braumman started at 15 barrels.

The territory included within the limits of Chester township, is singularly backward in production, the new wells coming in with a very small output in comparison with the strip of territory to the westward.

The Ohio Oil company has one that looks better than the ordinary in its No. 5 S. S. Shadle, section 7, Chester, it having produced 30 barrels naturally in 24 hours in the same section. J. L. F. arts No. 1, John Jefferson was a 10 barrel.

In section 8, the People's Bank & Co., got a very light one at No. 2, W. Shadle, while in section 8, the Detroit Oil company's No. 17, Levi Huffman was good for 45 barrels.

Booth Bros' No. 3, Mary Sills, section 17, produced 20 barrels the first day.

The Reserve Oil company encountered that omnipresent hoodoo streak in their 13th well on the C. B. Abshire farm, section 26, Chester, the drill failing to reveal anything that looked like oil.

Breneman & McDowell's No. 2, J. A. Merryman, in section 27, was not much better, making only 8 barrels in the first 24 hours.

Nottingham township is not making its share of the county's eloquent output, if the results of late wells are a criterion, but one can never tell just what is likely to happen in that territory.

The Ohio Oil company has completed a quartette of small ones as follows:

Wells: No. 2, L. A. Nutter, section 1, 20 barrels; No. 3, Sam T. Gehrett, section 16, 2 barrels; No. 6, Jacob A. Warner, section 23, 12 barrels and No. 16, L. Prouty, section 31, 30 barrels.

J. D. Downings No. 4, Elias Ochensider, section 8, proved to be a duster. P. Schott & Son completed a 15 barrel on the Schott property, in section 19; the Nottingham Oil company's No. 4, S. Warner, section 23, was a 5 barrel, and the Superior Oil company's No. 3, Wm. Fields, section 32, Nottingham, started at 25 barrels.

OTHER WELLS.

Which have Just Been Completed in the Hoosier Field.

In Jackson township of Jay county, the Ohio Oil company's No. 3, on the O. B. Brown (guardian) property, section 5, made only 15 barrels at the start.

Two others in the adjoining section were smaller still, Robert Smith having 5 and 10 barrel wells respectively in his No. 2, Wm. Brighton and No. 1, Mary Hanes.

In Delaware county, Smith & Neely have completed their No. 1 well on the L. O. Wilson farm, section 25, Hamilton township and a 20 barrel producer is the result. This is north of Muncie and somewhat of an extension to previously developed territory.

The Ohio Valley Oil & Gas company which holds pretty close to the record for dusters, has another of the dry kind in its No. 2, Geo. A. Stafford section 5 in Delaware township, Delaware county.

Eruptions

Dry, moist, scaly, better, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

The thing to do is to help the system discharge the humors, and strengthen it against their return.

Hood's Sarsaparilla permanently cured J. G. Hines, Frank, Ill., of eczema from which he had suffered for some time; and Miss Alvina Walter, Box 212, Alsago, Wis., of pimples on her face and back and chafed skin on her body, by which she had been greatly troubled. There are more testimonials in favor of this great medicine than can be published.

KILL THE DANDRUFF GERM

Or Your Hair Will Fall Out Till You Become Bald.

Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causing falling hair, and ultimately baldness. After Prof. Unna, of Hamburg, Germany discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made which resulted in Newbro's Hair-Preparation. It alone of all other hair preparations kills the dandruff germ. Without dandruff, hair grows luxuriantly. "Destroy the cause, you remove the effect."

SUBSIDY IS JUSTIFIED

England Rejoices Over the Cunard Arrangement.

PRaises BESTOWED ON THE COMPANY

Belief Expressed That the Agreement Will Go Far Toward Rendering the Morgan Enterprise a More Risky Speculation—First to Be at the Disposal of the Government.

London, Oct. 1.—The directors of the Cunard Steamship company sent a letter to the shareholders setting forth the terms of the proposed subsidy. It will include payment by the government of \$750,000 annually, the company to build two large, fast steamers for the Atlantic trade. The agreement will remain in force 20 years after the completion of the second steamer. The company is to remain a British concern and an undertaking is to be given not to unduly raise freight rates. The assistance which the government under this arrangement renders the Cunard Steamship company is designed for the express purpose of meeting the alteration in conditions of transatlantic travel caused by the formation of the Morgan shipping combine. During the continuance of this agreement the Cunard company will hold its entire fleet, including any new vessels which it builds, at the disposal of the government.

The Cunard arrangements meet with the warmest approval both in Liverpool and London, and Baron Inverclyde, chairman of the company, who is credited with having been throughout resolute in resisting the policy of absorption by the Morgan combine, is the recipient of a shower of congratulations for having secured an unexpectedly favorable agreement with the government. Similar praises are liberally bestowed upon the government for its effective manner of meeting the Morgan combination. These feelings are expressed in all newspapers, and editorial articles on the subject, even in papers which have been most determined against the principle of subsidy, agree that in the present case a subsidy is justified. The Standard says: "The Cunard agreement will go far to render Mr. Morgan's bargain a more risky speculation. We can almost feel grateful to the promoters of this inflated trust since we owe it to their enterprise that the strength of our navy will be substantially augmented."

Stage Coach Held Up.

Middletown, N. Y., Oct. 1.—The stage coach "Pioneer," which makes daily trips between Warwick and Goshen, was held up and robbed by three masked horsemen. The coach was bowling along the road two miles from Florida, and at a lonely spot on the road Clinton and Horatio S. Wisner, who own the coach and were on it, saw three men on horses suddenly emerge from the dense woods which line the highway. Clinton was driving. The robbers ordered him to pull up his horses, which he refused to do, and the highwaymen opened fire with revolvers. None of the shots took effect, but the shooting had the effect of compelling the whip to bring his horses to a stop. Inside the coach were Mrs. J. A. Chamberlain, Mrs. Fred Webster, Mrs. James Fuller, Mrs. Hart, Mrs. Ed Johnson of Florida. While two of the highwaymen covered the Wisner brothers with their revolvers, the third, using many threats, compelled the passengers to give up all their money and valuables.

Attempted His Own Life.

New York, Oct. 1.—In financial difficulty as a result of the coal strike, Henry C. Scheel, a coal merchant of this city, tried to kill himself by shooting. The doctors say there is little hope for him. Mr. Scheel is 45 years of age. He lives with his wife and three children in a handsome residence and generally has been thought to be prosperous. A relative of Mr. Scheel said he had a large sum of money—about \$200,000—tied up in litigation, and that his business was his source of revenue. The disturbance in the coal market had affected his business seriously, causing him to become despondent.

Louisville Horse Show.

Louisville, Ky., Oct. 1.—The opening night of the third annual exhibition of the Louisville Horse Show association brought together here fancy entries from England, Canada and seven states of this country. Nine classes were shown, including harness and saddle horses, roadsters, single pairs and four-in-hand, hunters and jumpers. Aurel Batonyi, the noted eastern whip, won for Dr. John L. Wentz first money in high-stepping harness horse class with Lord Golden.

Bodies Recovered.

Paducah, Ky., Oct. 1.—The bodies of L. L. Hunter and L. B. Macell, who were lost in the burning of the City of Pittsburgh last April, 30 miles below Paducah, were found four miles below the wreck, and had apparently been covered with sand. They were wealthy manufacturers of Tidout, Pa., and several thousand dollars had been spent by relatives in the effort to find the bodies.

Commander McLean to Stay.

Colon, Colombia, Oct. 1.—Commander McLean of the United States cruiser Cincinnati will not sail for New York on the steamer Finance, as announced. He will remain in command of the Cincinnati. Major Mason continues in charge of naval forces on shore.

GRIDIRON.

Athlets Show Up in Splendid Form

And are Ready for a Go With Footers Eleven Next Saturday.

The first real foot ball game of the season was played yesterday afternoon on the college campus between the college and high school teams, resulting in a victory for the latter by a score of 15 to 0.

The high school team shows up well in preliminary practice and stands to be a game competitor against such rivals as Van Wert, Findlay and Fostoria. M. Laudick, Witmer, Reid, Cross and Black are all showing up in splendid form and as they do not shirk hard practice, Van Wert will have to use all of the arts in trade to accomplish a victory when the game is called here a week from Saturday.

Next Saturday Lima goes to Fostoria, where they meet a team fashioned of material that is clamoring for the championship of northwestern Ohio.

THE IDLER.

"Wonderful" Biz Mackey Again.

Clint has again gone into custody over the "wonderful" alibi of Biz Mackey. The Gastawa pugilist who has won numerous decisions at home and who recently got beautifully walloped by Harry Forbes when he got away from home. According to recent issues of the Findlay papers, Biz went into the squared circle for a ten round go with "Clay" Clay, of Cleveland a few nights ago and although he had the advantage over Clay in weight he actually knocked him out in the second round. Clay hasn't been heard of very prominently in the pugilistic business but it is generally conceded that it must have been either a "Clay" or a "Mud" pugilist that Mackey knocked out.

A Light Necessity on Pennys Avenue.

While the light committee of the city council is considering the petition from various parts of the city for additional arc and boulevard lights it should not overlook the extreme necessity of having a light of some kind established on Pennsylvania avenue, east of or near the Pine street and F. St. W. C. crossing. The recent tragedy that occurred in that vicinity in which a driver who was not familiar with the streets, lost his life by toppling over the high bank with a horse and buggy, should be a sufficient petition to satisfy the committee and the council that the improvement is sadly needed.

Contagious Blood Poison

Is the name sometimes given to what is generally known as the BAD DIS-EASE. It is not confined to dens of vice or the lower classes. The purest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons who have contracted it.

It begins usually with a little blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored spots and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system. Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or poison, but is guaranteed a strictly vegetable compound.

Write for our free home treatment book and learn all about Contagious Blood Poison. If you want medical advice give us a history of your case and our physicians will furnish all the information you wish without any charge whatever.

THEY ARE HERE

With the most thoroughly equipped office in the State for their special work.

DR. GASAWAY & CO.

The Reliable Specialists

Have leased rooms above the Times-Democrat, 221 1/2 north Main street.

We Want Every One Afflicted with Chronic Nervous, Blood, Skin, Special or Private Diseases.

To come to our office, where we will explain our method of curing those diseases. We invite in particular all who have become dissatisfied with treatment elsewhere. We will explain why you have not been cured, and will demonstrate to your entire satisfaction why we can cure you quickly, safely and permanently.

Our counsel costs you nothing, and our charges for a perfect cure will be reasonable and not more than you will be willing to pay for the benefit conferred.

CERTAINTY OF CURE

Is what you want. Reference—Banks and best business and professional men in the city. We can and will cure you, by permission, in numerous cases that we have treated and cured to stay cured, which had been abandoned by family physicians and so-called experts. What we have done for others we can do for you. Delay is fatal, consult us at once.

We Treat and Cure Nervous Debility, Nervous Prostration, Mental Depression, Impotence, Sexual Weakness, Scrophulous Tumors, Rheumatism, Syphilis, Hydrocele, Varicocele, Stricture, Pimples, Catarrh, Bronchitis, Loss of Appetite, Liver and Kidney Troubles, Constipation, White Swelling, Varicose Veins, etc.

Ladies All diseases peculiar to your sex successfully treated. You may consult us in confidence, no matter what the trouble may be.

Young Men Who suffer from fearful effects of self abuse as to accession to the society of ladies, despondency, loss of energy, fading memory, nervousness, palpitation of the heart, weak back, stunted development, increasing nervous exhaustion and wrecked or lascivious dreams. You may be in the first stage, but are fast approaching the last. Do not let false pride or sham modesty prevent you from obtaining relief now.

Middle Aged Men Who suffer from prematurely old, as a result of youthful indiscretions or excess of latter years: who are troubled with too frequent evacuations of the bladder, or by finding a milky orropy sediment in the urine, and on account of this natural waste and loss of vitality are unfit for business or marriage. You can positively be restored to manly vigor.

Old Men Who, as a result of overwork, business cares, or imprudence in former years, now suffer from partial or complete impotency, or some distressing bladder trouble. All may find immediate relief—many may be radically cured.

Rupture Cured No danger, no pain, no detention from your daily business.

Gonorrhea Cured In five days by our new method. No danger of stricture, no injection used.

Syphilis We can cure Syphilis no matter how long standing.

Stricture We have the only remedy and method by which stricture can be cured.

Inflammation Of Prostate and Bladder, Gleet, etc., instantly relieved and permanently cured.

Varicocele Cured forever in five days by your special treatment. No detention from your daily work.

WRITE (If you can not possibly call at our office) stating in full your condition and receive our opinion and advice by return mail. All business strictly confidential.

SPECIAL NOTE—Under no circumstances will we accept a case we can not cure. FREE EXAMINATION to all. Call or write today.

The Ladies Score a Decisive
Point in the Friendly
Contest.
Several Society Events are Greatly
Enjoyed This Afternoon. Other
South Lima Events
of Note.

For the past several months the ladies and gentlemen of Grace M. E. church have been rendering literary entertainments of unusual merit. One after another by the ladies the other by the gentlemen. The object is to ascertain which can give the more enjoyable entertainment. The rivalry has become intense though always friendly. Last night the ladies team had an opportunity of demonstrating their ability as entertainers. The program was composed of music as well as literary numbers of exceptional merit. The programs are never announced in advance so that the features are always surprises. A large audience enjoyed the program yesterday evening. Each of the performers acquitted themselves to the entire satisfaction of the present. The entertainment was most enjoyable.

Club Entertained
 Mrs. J. S. Spaulding, with her club, entertained the ladies of the church at a social gathering at her home this afternoon. In addition to the club was the presence of the members of the church. The program was highly enjoyed. Mrs. Spaulding, a devoted hostess.

Aid Society Meeting
 The Ladies Aid Society of the south Lima Baptist church held an important meeting at the church this afternoon. Among other matters up for consideration was the removal of the church to St. Mary's of Rev. W. H. Gallant, former pastor of the church. Both he and his estimable wife were formerly members of the society in which they have been in for a number of years. Opportunity was also given for the presentation of the report of Mr. Gallant.

Painfully Injured
 E. Pearl, employed at the city limits is suffering from an accident which he incurred while at work yesterday. He was cutting some steel when a small piece of the material struck his right eye. The particle sank deep into the ball of the eye inflicting a wound that it is feared will result in the permanent impairment of the sight.

Broke Her Arm
 Mrs. Frank Long residing on east Elm street accidentally fell down a flight of stairs at her home yesterday. In the fall her left arm was broken near the wrist. A physician reduced the fracture which will be discomfiting for a long time.

Home to California
 Edward Schleister, who with his wife has been staying in this city for the past several weeks, will leave for their home at Baywood, California. Mr. Schleister is in the employ of the Southern Pacific railway company. He came in contact with many of our south Lima residents now in California. He has enjoyed his stay in this city and has many inquiries regarding those who have come to the coast state. He also gave some very interesting accounts of conditions in his home state. His descriptions of the ostrich farm near Pasadena was instructive. He says the first ostriches for this ranch were brought from Africa in 1885. Since then the enterprise has developed the industry being exceedingly profitable. At this farm is one of the novel solar motors which promise to become quite common in the state of California. A large umbrella shaped structure lined with mirrors attracts the sun's rays which are focused upon the center of a large boiler which thus heats and propels the engine which is utilized for innumerable purposes.

Russel A. Alger is now a Senator from Michigan, this time by the grace of the Governor of his native state. If Russel could only straighten up that unsavory army record of his, his appearance in the Senate might mean his becoming a factor in his party's councils.

Coal is being imported from Wales, the first cargo having arrived at New York on the 5th inst. It is said that heavy orders have been placed with foreign agents and that thousands of tons will be imported during the coming winter. This smacks of bringing wheat from England and when the farmers go on a strike it is evident that Europe will have the balance of trade in her favor.

A writer in World's Work, who evidently knows whereof he writes, says that "for school purposes a mother's ideas about her own children are usually worthless. It is as if one who owned a chafing dish should give points on conducting an army kitchen. The woman who believes that, because she has gone to school, she knows how a school should be managed, might as well assume to be a cook because she has eaten in a restaurant."

It is quite amusing to note the conduct of the Republican newspapers of Ohio in their relation to Mark Hanna. There is not one among the entire bunch whose editor does not keep his eye on Marcus the Great, and promptly sneeze when the big boss takes snuff. A few days ago in a speech Mark said that Republicans must "stand pat." Immediately all the little cuckoos commenced to chirp "stand pat." The next utterance was a bunch of platitudes about congressional action in reference to the settlement of the coal strike. Congress is not in session and Mark knew he could talk against time as to what the next congress should do, and it would have no bearing upon Congress when it assembled next winter but meantime he could fool the people by his utterances which were in direct variance with his real feelings. Immediately the Republican press of Ohio prostrates itself before the big boss and with one accord the editors of their unite in singing the praises of "Congressional interference as advocated by Mark Hanna the real boss."

JURY

Law Calls the Judges Into Conference.

Will Talk Over the Situation This Afternoon

And Decide What is the Best Course to Pursue—James Dillon Entered on the Jail Register.

The situation wrought by the new jury law, a detailed account of which was published yesterday, has made it necessary to call a conference of the judges who preside over this judicial district and Judge Armstrong, of Cella, and Judge Mathers, of Sidney, met here this afternoon to talk over the question and decide what will be the best course to pursue.

Give and Take.

James Dillon is a temporary inmate at the county jail and will remain until it is convenient for Sheriff Barr or one of his deputies to take him to the Toledo work house. Dillon comes from Spencerville where he left his work and, incidentally has a brand of his own. While in an intoxicated condition he put one of his dukes on the end of Marshal Goodwins' nose and in return carries one of his eyes in a sling. The mayor gave him a sentence of 30 days and a fine of \$50 and costs, which will keep Dillon at the works until the celebration of Washington's birthday.

Court Briefs.

Judge Armstrong held a special session at Van Wert yesterday and cleaned up a lot of miscellaneous business.

Attorney H. A. Reeve, of Delphos, was in the city yesterday looking over the docket to learn the state in which such cases he has pending are in.

Some idea of the court business transacted in Allen county can be gathered from the statement made by a prominent attorney yesterday, who remarked that the work done in the other counties of the district, Mercer, Van Wert, Shelby and Auglaize might be lumped together and then doubled and it wouldn't equal the big county.

In Probate Court.

The first and final account of Robert and Alberta Freeman, executors of Peter Freeman, was filed yesterday. George Lehman, administrator of David Lehman, has filed his first account and a report of the partial distribution.

Marriage Licenses.

Stephen L. Sprague, 30, of St. Marys, and Annie Whitehead, 22, of Lima. Rev. Ellis.

Chas. Wilmet Hoelster, 22, and Grace White Bryan, 26, both of Lima. John F. Dulebohn, 27, of Greencastle, Pa., and Viola Disaver, 18, of Monroe township.

PERSONAL MENTION.

Mr. and Mrs. H. Blosser, of south West street, will entertain the Clover Leaf club this evening.

Mr. and Mrs. Frank Neth and daughter, of west Vine street, have returned from Indianapolis after a brief stay. They were accompanied home by Miss Stella Greenland, who will be their guest for a few weeks.

Sheriff Melching, of Auglaize county, was in the city today on his way to Van Wert.

Dr. J. H. Blattenberg was called to Spencerville today, to perform a surgical operation on a valuable horse.

Mrs. N. B. Ritchie and children, of 222 south Elizabeth street, accompanied by her parents, Mr. and Mrs. D. A. Barton, of Cridersville, will leave tomorrow for Sioux City, Iowa, on an extended visit.

Mrs. Frank Freil, of Morehead, Minn., who was called home some time ago by the illness and death of her father J. F. Hutchins, will return to her home tomorrow. Her mother will accompany her and spend the winter there.

Andrew and Janarius Dimond, of north Main street, have gone to Chicago to enter a dental college.

Ed. Gardner, of L. J. Keppeler's cafe, is quite ill at his boarding place on north Elizabeth street.

A. F. Yorkamp has changed his place of residence from 443 north West street to 926 west Wayne street.

Mrs. A. D. Miller and the Judge's mother have returned from their visit to Michigan, the rain and sudden change in the weather making the latter part of their stay unpleasant.

Smart styles in juvenile suits shown at Michael's.

CAN'T

Find Way to Fill Up the Ticket.

Hard Sledding Is Experienced by the Republicans.

Edwards and Metheany Prove to be Millstones Upon Their Necks.

One Meeting Held and Nothing Accomplished—McComb and His Friends Dissatisfied With the Ticket.

The Republican bosses of Allen county had their own troubles at the Republican county convention which was held ten days ago but they are having worse ones now. They were unable to force the nominations for county auditor and probate judge onto any one at the recent county convention and in order to avoid the embarrassment that the strenuous refusals of old liners would occasion at the public meeting they referred the matter to the Republican county executive committee to be threshed out in a star-chamber session. This committee has held one meeting since the convention but all efforts to fill the ticket with anyone who has any strength in the city and county have failed. Al Metheany and Tom Edwards, who were nominated for county recorder and clerk, respectively, demanded that men of acquaintance, influence and money, (and especially the latter,) be placed on the ticket in the vacant places to help pull them down the pike but so for the members of the executive committee have been unable to get anyone of the qualifications required to go on the Edwards-Metheany ticket. Another meeting will be held soon and Art Morris and M. J. Sanford, who were the whole thing in the convention will be required to "make good" by bringing forth 2 candidates who are willing to be led to the sacrifice with the two Seventh warders. They tried to strengthen the Edwards-Metheany-Morris-Sanford ticket by forcing Col. Boone to accept the job of second bidder to Edwards but Mr. Boone refused to do the stool-pigeon act and they were left in the lurch.

Another last chance effort to boom the Edwards-Metheany ticket was launched when an effort was made a few days ago to get Billy McComb into the fight, but as Edwards was not McComb's candidate and the wise William knows well what the finish will be he informed the boosters that he had washed his hands of the Republican political game in both Lima and Allen county and had firmly decided to quit for keeps. McComb, like many of the other men who have worked hard for the interests of the Republican party, would have been pleased with the nomination of A. L. Boleh but they were double crossed by a few of their "four-flushings" friends and they do not propose to be hoodlunked into a fight in which there isn't even a chance for a good showing.

Dance Again to the Tune of Hanna.

Say One Thing But Do Another When Mark Comes.

Republican Senators Whipped Into Line With the Fifty Year Street Car Franchise Interests.

Columbus, Oct. 1.—The past week in legislative circles developed the most extraordinary and disgraceful incidents of the special session and has given the Democrats of Ohio a wonderful impetus for the campaign they are now waging in this state against special legislation and inequitable franchises and in favor of home rule. It required Boss Hanna's presence in town for only twelve hours in order to give an entirely new direction to legislation and to reverse the attitude of the Republican leaders toward one of the most important subjects ever presented to the general assembly.

Mr. Hanna came here ostensibly to attend the insurance men's convention but in reality to bolster up the interests of the Cincinnati traction company, whose franchises under the Rogers 50-year law were declared unconstitutional by the superior court, and to make sure that no legislation should be enacted that would remedy the inequalities now existing in the general franchise laws of Ohio. He succeeded in both objects.

The boss stands firmly in favor of the Hosea amendment to the Nash code, which substantially reenacts the law that the courts have declared unconstitutional. In this both Hanna and Foraker play together, for their interests involved are mutual and identical. There is no doubt that the so-called curative clause offered at an amendment to the Nash code and intended to fasten straight 5-cent fares upon the people of Cincinnati for the remainder of the life of the 50-year Rogers franchise, will be enacted. Hanna and Foraker originally procured the enactment of this law and since that event have not loosened their grip upon the Republican organization or upon Republican legislators in this state. With the same powers of hoodle and federal patronage which have been for years at the disposal of one or both of them it is entirely natural that they should now be able to at least hold their own in behalf of the special interests which they represent.

The most remarkable result of Mr. Hanna's visit, however, was disclosed in the somersaults which he caused the Republican leaders to turn in the senate. For weeks prominent Republican senators have been declaiming about the vital necessity of enacting some remedial legislation in the matter of municipal franchises before adjournment of the extra session. They have split the air in orations, describing their burning desire to perform their "plain duty" without further delay and in elaborate interviews have talked at length about their devotion to the dear people and their undying opposition to monopoly and extortion. Yet when the test came these senators with all the others on the Republican side surrendered to Hanna's dictation and capingly repudiated all of these professions. The Republican senators to a man voted to pass up the whole matter of municipal franchises by adopting a resolution providing for the appointment of a commission of four members at a salary of \$10 per day each to "investigate" the franchise question and report to the next legislature. The net result of this action will be to afford four statesmen as many fat jobs and leave the franchise question upon the convening of the Seventy-sixth general assembly just where it is now.

The reason for this action is Mr. Hanna's fear of opening discussion at the present time and his desire to conceal his real purpose with reference to perpetual franchises. If the next legislature is Republican it will re-elect him United States senator and immediately following that event he will be in a position to enforce his demand for perpetual franchise with an emphasis not now within his power. It should not be forgotten that Mr. Foraker lobbied through the Rogers 50-year franchise act before the general assembly that elected him senator and at the same session, enforcing his demands by his newly acquired power. This is the performance which Mr. Hanna expects to repeat next year, meanwhile holding the whole question of franchises in abeyance until he himself is safe in his senatorial seat for six more years.

All of this recent interesting history is of special value to the Democrats of Ohio at the present time, and there is no doubt that the material it

affords will be vigorously used on the stamp and in the press between now and election.

The Republican campaign was opened with a flow of glittering generalities, a flood of free railroad passes and a careful evasion of state issues at Akron Saturday. The Hanna campaign is three weeks behind the Democratic campaign and will never be able to catch up with the latter's progress. All the Republican orators have been instructed to avoid the discussion of state issues and in furtherance of this object a vast number of foreign speakers, who could not discuss state issues if they would because they know nothing about them, will be imported.

HAS The Ring of Pros- perity.

Bright Future

Seems to be in Store
for the Y. M. C. A.

Annual Reception and Ban-
quet Last Night a Big
Success

Winding Up With a Basket Ball
Game in Which the Two Teams
Were Very Evenly
Matched.

It was gratifying to the manage-
ment of the Y. M. C. A. to note the
large attendance at the annual recep-
tion last night, and it bespeaks a pros-
perous year for the institution. The
auditorium was well filled with the
young men and business men, who are
active in the various branches of the
work the Y. M. C. A. has set out to
accomplish and the addresses made by
those who are in touch with the situa-
tion had a ring of confidence.

President Kibby made an intro-
ductory speech in which he drew com-
parisons with the early struggles of
the institution and especially im-
pressed upon the members the fact
that aside from the small annual fee
required of them, the business men
and liberal minded citizens gave lib-
erally to meet the running expenses
of the institution. The expenses last
year were in excess of \$5,000 and of
that amount more than half was do-
nated. The work of getting the
money each year is no small task and
the members should appreciate the
fact that the people of Lima, who
really have no connection with the
Y. M. C. A. are going into their
pockets to provide the temple of pleas-
ure for the growing youth of the city.

Secretary Chase was called upon to
make a statement covering the needs
of the institution and the present out-
look. He referred to his coming to
Lima four years ago, when the Y. M.
C. A. had less than 200 members, but
through the hearty support of the
people and by dint of energy on the
part of the officers the increase had
continued unabated until today there
are enrolled on the membership list
nearly 1,000 names. Lima stands as
having the strongest association of a
city its size in the state, but Marion
with a population of but 18,000 has
over 1,000 members, an indication that
there is still room for growth here.

Mr. Chase called attention to the
different departments, physical, educa-
tional and spiritual all of which ap-
pealed to the workers. The educa-
tional department classes, where me-
chanical drawing, type writing, short
hand, penmanship and arithmetic are
taught are nearly all filled, but there

Horsemen Have Their Trials and
Troubles in Trying to Make
Both Ends Meet While on
the Road.

Horsemen who have been doing the
fairs in this section of the state dur-
ing the past few weeks, have played
in hard luck on account of the rain
and mud, and although their expenses
have run on without interruption for
trainers and grooms, there has been
a severe loss because of the taking
down of purses. The declaring off of
the races at Bowling Green events
last week, where stakes to the amount
of \$6,000 were to have been played for
was a severe jolt, and it was the same
thing in many other places. Lima
saved \$750 which the horsemen would
have won but for the rain and the
prospects look bad for Ottawa, Wapak
and Findlay unless there is a sudden
and sure clearing up.

Findlay races begin tomorrow and
Lima horses have been attracted in
considerable numbers, the entries an-
nouncing the following well known
harness performers:

The horsemen of today have to
practice many hooks and crooks to
keep them in the business, and while
those who have the money that makes
money can get along over the mud
roads and hurdles without inconveni-

Horsemen Have Their Trials and
Troubles in Trying to Make
Both Ends Meet While on
the Road.

Horsemen who have been doing the
fairs in this section of the state dur-
ing the past few weeks, have played
in hard luck on account of the rain
and mud, and although their expenses
have run on without interruption for
trainers and grooms, there has been
a severe loss because of the taking
down of purses. The declaring off of
the races at Bowling Green events
last week, where stakes to the amount
of \$6,000 were to have been played for
was a severe jolt, and it was the same
thing in many other places. Lima
saved \$750 which the horsemen would
have won but for the rain and the
prospects look bad for Ottawa, Wapak
and Findlay unless there is a sudden
and sure clearing up.

Findlay races begin tomorrow and
Lima horses have been attracted in
considerable numbers, the entries an-
nouncing the following well known
harness performers:

PASSED AWAY.

A. Shaffer, the Well Known
Fish Dealer, is Dead.

Abraham Shaffer, for years a well
known fish dealer, passed away last
evening. He had been ill from a
complication of troubles for the past
year, and the end came at the home,
202 east Wayne street, last evening at
5:20 o'clock. He was aged 69 years,
and leaves two daughters and two
sons.

Funeral services will be held from
the A. M. E. church at 2 o'clock to-
morrow afternoon.

J. L. TURNER

Former Resident of Lima
Dies at Fostoria.

J. L. Turner, formerly of this city
and father of Miss Nora Turner, of the
Furnas tailoring establishment, died at
his late home in Fostoria at 4:45
o'clock this morning. The deceased
is survived by six daughters. The
remains will be brought here Friday
morning and funeral services will be
held at the Mt. Zion church, near
West Newton.

Something new in little
boys' suits is sometimes hard
to find—not here at Michael's.
